

**SA Practitioners List**  
**A Community Directory for Sex and Gender Diverse Persons in South Australia**

This list of practitioners is provided as a guide only and does not guarantee a practitioner will provide a service, offer low or no billing even if indicated, or meet your expectations of service delivery.

Practitioners listed on The SA Practitioners List is based on feedback from members of the community and/or practitioners directly and is not an endorsement of a particular service or individual. Due to the nature of the list being volunteer run and based on community feedback, not every practitioner may be aware they are listed.

It is the responsibility of the individual to check if the practitioner is taking patients and, able to provide the service required. The individual should also enquire as to any referral criteria, costs / bulk billing / NDIS options and wait times.

If a practitioner would like to be added / removed, or have their details amended, please contact Trans Health SA. Community members are encouraged to contact and make recommendations / provide feedback of practitioners. Repeated negative feedback of a practitioner may result in their removal from this list.

More information regarding this can be found on the Trans Health SA website.

e-mail: [transhealthsa@outlook.com](mailto:transhealthsa@outlook.com)

This list is not to be duplicated or copied without expressed consent from Trans Health SA.

This list is a community creation and is not owned by any organisation or service except Trans Health SA. Any unauthorised replication is a breach of copyright. The document in its entirety may be hosted without edit by other services or organizations however, due to continual updating of the document it is advised the website link be noted instead to ensure the wider community has access to the most current information.

**This list is continually undergoing development to attempt to better reflect community needs. Trans Health SA is very grateful for ongoing community support and to the services practitioners provide to the gender diverse people of South Australia.**
